TAX UPDATES

Singapore Telecommunications Limited ("**SingTel**") wishes to announce the following tax updates:

Audit of tax losses

As at 31 December 2005, SingTel Optus Pty Limited ("**Optus**") and its subsidiary companies ("**Optus Group**") had estimated unutilised tax losses of approximately A\$787 million (S\$960 million) with tax effect of A\$236 million (S\$288 million) which were available for set off against future taxable income subject to the income tax regulations in Australia.

As previously disclosed, the Australian Taxation Office ("**ATO**") had commenced an audit of the Optus Group's entitlements to carried forward tax losses.

In the fourth quarter ended 31 March 2006, the ATO completed the audit and concluded that no amendment was necessary to the Optus Group's tax returns for the years under review.

Recognition of unrecognised deferred tax asset brought forward

SingTel had previously disclosed that it had not recognised a potential deferred tax asset of approximately A\$130 million brought forward from 31 March 2005, and that it would only assess the probability of realising this potential tax asset by utilisation against future taxable income of Optus in the last quarter of the financial year ended 31 March 2006.

The potential deferred tax asset arose from the interest expense provided by the investment holding company of Optus, Singapore Telecom Australia Investments Pty Limited ("**STAI**"), on its long term inter-company loan from SingTel. The loan amounting to A\$5.2 billion, was made in June 2002 for a term of almost ten years, with interest rates pegged at a margin above floating rates.

SingTel believes that it is now probable for Optus to generate sufficient future taxable income to utilise the potential deferred tax asset. Accordingly, SingTel will recognise the brought forward deferred tax asset of approximately A\$130 million or S\$150 million for the quarter ended 31 March 2006. As in prior quarters, SingTel will continue to recognise a deferred tax asset of approximately S\$30 million on the interest expense provided by STAI in the fourth quarter ended 31 March 2006. The total deferred tax asset recognised will be approximately S\$180 million and approximately S\$270 million for the quarter and financial year ended 31 March 2006, respectively.

Consequently, Optus now expects that no significant tax will be payable for the financial years ending 31 March 2007 and 31 March 2008.
